

Creative Handicrafts
Empowering Women, Changing Lives

WOMAN KIDS ACCESSORIES HOME

CATALOGUE

Since 1984 **Creative Handicrafts**, a social enterprise has been striving **to empower disadvantaged women of the slum communities of Mumbai**. It firmly believes that economic independence is the first step towards self reliance and empowerment. Hence, Creative Handicrafts imparts training to the women to produce textile based handicrafts, soft toys and other utility items and to market them to eke out a living. The ultimate objective of Creative Handicrafts is to build sustainable communities where respect for human person is held high and no differentiation based on caste, gender or religion is prevalent.

Over the years hundreds of women have benefited from the skill training provided by Creative Handicrafts. A majority of them have been enterprising and have been making their lives on their own. However, the others, from the neighbouring slum communities, continue to be part of our cooperatives producing handicrafts. They are the bread winners for their family. Hence, their standard of life is directly related to the turnover of Creative Handicrafts.

Creative Handicrafts has realized that social enterprise and fair trade is the answer to globalization and its after effects. When the entire world is propelled by profit motive Creative Handicrafts invites you to be different by joining the movement of fair trade which makes not a few millionaires but many bread winners.

We are certified as a member of the following forums and organizations:

- World Fair Trade Organization
- Asia Fair Trade Forum
- Fair Trade Forum India
- Social Audit Network UK
- COMMACT (Common Wealth Association for Local Action and Development)

Every product manufactured by Creative Handicrafts, now comes with the assurance, that you are making a difference in the life of the women producers and helping to combat global Poverty while promoting a fairer world based on Fair Trade.

A Certification of Compliance was issued by the Control Union Inspections and Certifications India Pvt Ltd, to Creative Handicrafts in 2014, on completion of various procedures that ensure the proper storage use and Sale of Organic Fabric.

Nowadays, 310 women are members of the cooperatives and are full time working with Creative Handicrafts, There are twelve cooperatives for textile products, two training centers and one for supplying lunch packets (Asli Foods).

The focus of CH is not the women alone but their families too, especially their children. This is reflected in the various projects undertaken. In keeping with its mission, CH also started a catering service, managed by women who could not pick up the skill of sewing. With pride we proclaim that today, this project is run under the name “ASLI FOODS” and is managed independently by the women themselves.
